## END NOTE

Stan Smith reveals all the secrets of top realtors in a 4 Step Program you can begin using immediately. Once you've finished reading *Internet Strategies of the Master Realtor*, you will know **ALL** of their secrets.

What do you like best about your real estate career. . .is it:

- The "feast to famine" income cycles?
- Is it wasted weekends sitting in someone else's home making sure strangers don't muddy the carpet?
- How about the boring sessions working the floor – answering phone calls for other Realtors?

Okay, that was a trick question. You obviously answered with a resounding "**NO**" to all of the above. So what is it that sets certain realtors apart from all the others?

They don't just throw up a brochure and dabble with the web. No, they have gambled big on the Internet and they are **winning!** The good news is, so can you.

These 4 Steps, when done properly, create a continuous feedback loop that grows by feeding on itself. This means that once you set the system into motion, it continues to grow.
